I Am proud to be a part of Millard High.

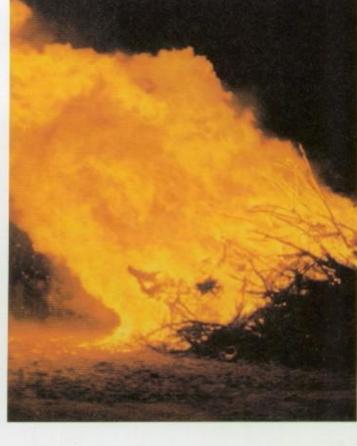

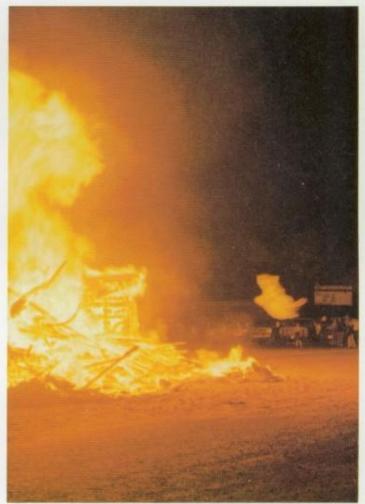

I Am an Eagle, ready to fly.

The Seasons pass quickly and although the night fades into tomorrow the memories of Millard will blaze in my heart . . . forever.

FIRE RALLY

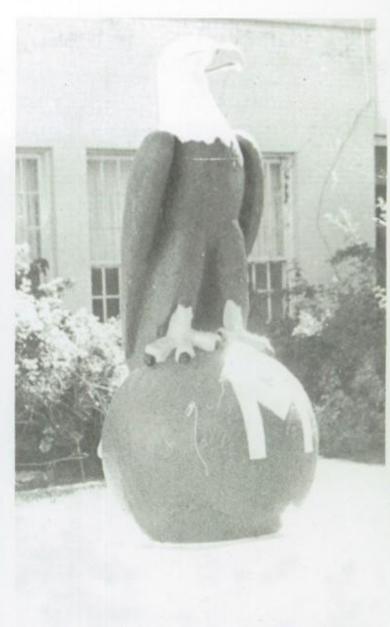

I am touched by this simple beauty And as I hear the laughter of my friends And remember their tears, I feel at peace.

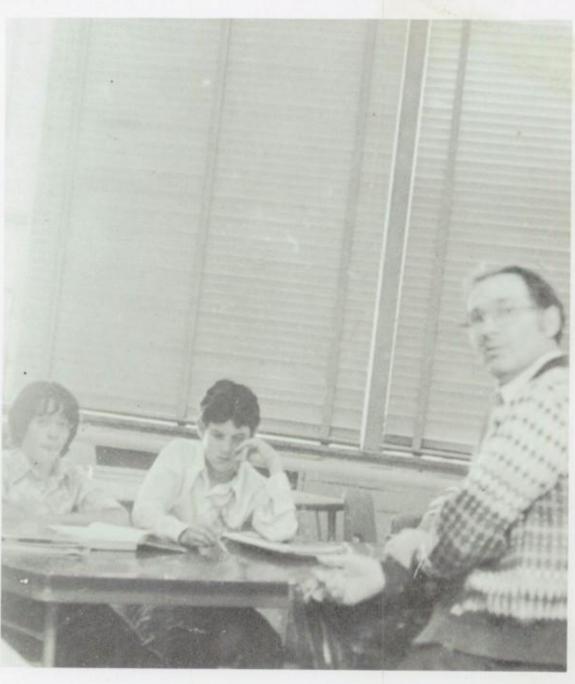

I am just here, that's enough for me.

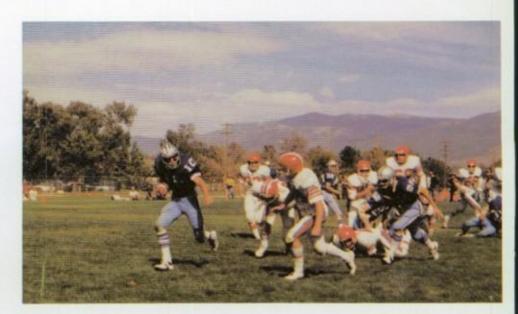

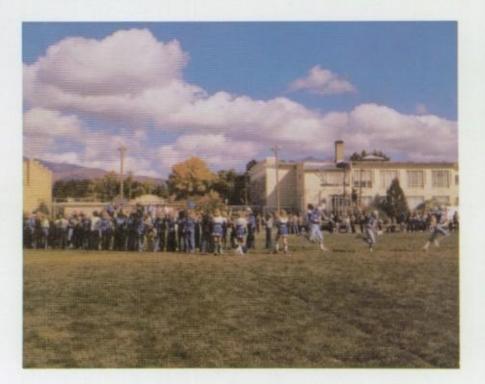

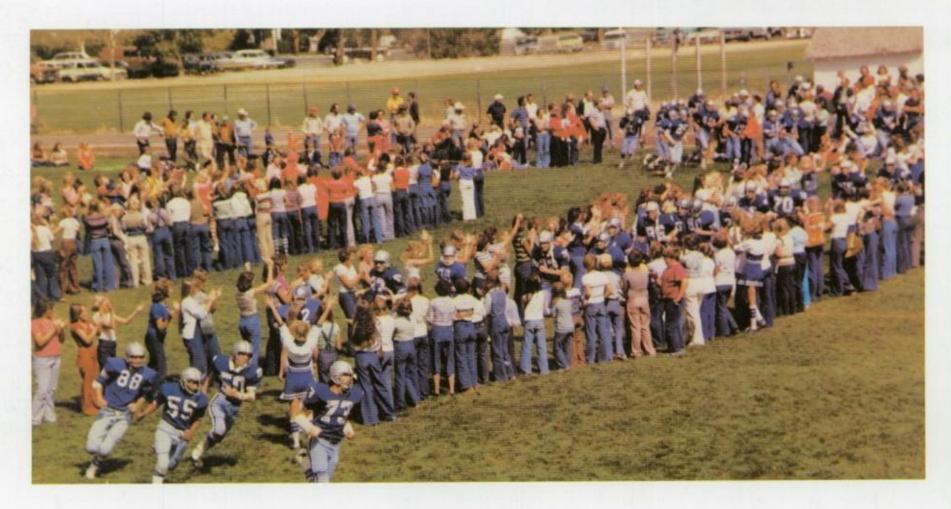

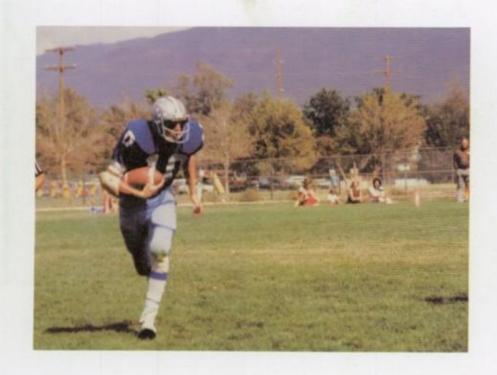

I Am part of school spirit . . .

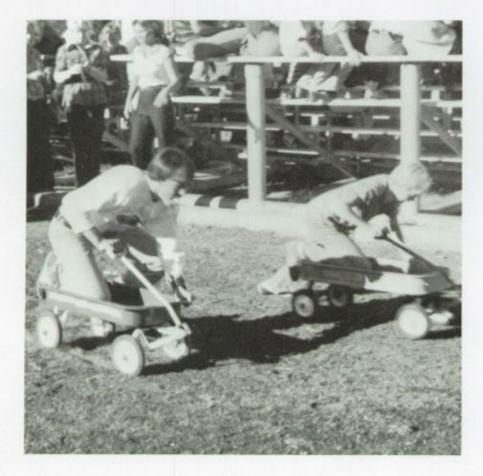

I Am part of the team . . .

I Am a part of my class.

The 1977-78 school year at Millard will long be remembered as one of accomplishments, joys, successes, and some disappointments. Most important it will be reflected upon in light of the many friendships made and cultivated, experiences shared, and lessons learned.

To the seniors who must now face new responsibilities and challenges, Millard High appreciates their contribution to its greatness.

May this be a time for all to set new goals and rededicate our lives to furthering the ideals of Millard High School.

Millard High School, its faculty and administration are dedicated to the world of knowledge like a library of books waiting to educate. We, the students are here to use these vessels of wisdom (books). Some of which are old and worn from constant use, while others are fresh off the press. Some are fat and others are thin, they come in all shapes and sizes. The ones with soft covers are often times very impersonal. Each tells a different story and in the end we write our own encyclopedia. But best of all, you don't have to worry about overdue fees because you can never overdraw from Millard's infinite source of instruction, guidance, and preparation for tomorrow's world.

We the students of Millard High School would like to thank you the faculty for your willingness to help us, no matter the time of day. As Seniors our memories of you will be forever and your guidance always appreciated.

We are leaving now for bigger and better places. Before we go out into the world let us reflect upon our past accomplishments.

Through our relationships with friends and faculty, we have been shown how to become stronger and braver people. With this strength and courage we can conquer the world.

Our patience and understanding, ever in mind, as well as our everlasting faith, will enable us to reach our goals.

Stepping into High School and ready to handle the world, the Freshmen, as might be expected, are feared by almost all teachers. It has been said that some teachers might consider them to be intelligent human beings! Yes, this class of 81 is rather unique.

We are the Future Homemakers and Heroes of America. Basketball this year at Millard High was very successful. The Varsity team record was the best in the last 7 or 8 years; 8 wins, 2 losses for league play; 15 wins, 6 losses overall prior to the State Tournament. Millard won 3rd place in the Region Tournament by winning three straight games.

The Millard Junior Varsity had possibly the finest JV record in the history of the school, 19 wins, 1 loss, which means there are still greater things to look for in the Varsity program in the coming years.

We are proud of the basketball program at Millard High and the Tradition that is developing.

VARSITY WRESTLERS

Coach Holman

The Wrestling team this year has had a very successful year. Coach Holman and Coach Myers felt that this wrestling team had as much potential as any team at Millard High School for many years. Some of their outstanding accomplishments were compiling a duel match season record of 10 wins and 1 loss. Also winning 2 of the 3 tournaments participated in and placing 2nd in region Tournaments out of 11 schools and 4th in the State meet. One of the most outstanding accomplishments was recording history at Millard High School by **beating** Delta for the first time in a long dry spell of 17 years.

AND WHAT DO WE REMEMBER?

We looked back and remembered the happy times feeling the rewards of hard work and dedication. At other times we felt all alone isolated in the midst of a crowd. Our existence was one of constant new beginnings and continous endings that filled our lives and our memories. It was our year, molded by the vast and diverse character of who we were and had become.

IAM A PART OF . . .

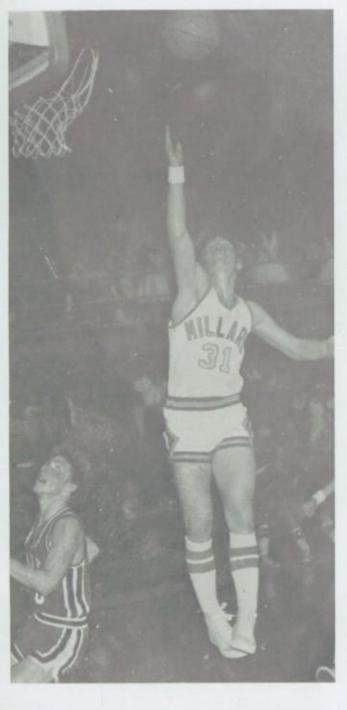

CLASSES

As this year comes to a close and our memories of Millard begin to fade into the pages of time, we are left only with reminiscences.

Time will continue, and for some so will their experiences at Millard High; but for others it is the end. their past experiences will carry them to new horizons; their memories will make them appreciative of their past opportunities.

I would like to thank Miss Frost and my staff for all the time and effort they put into making this book a success. The late nights and early mornings we spent typing, printing pictures, and writing could never have been done without each and everyone of them.

I now present this book to you, the student body of Millard High.
